The objectives of our meeting, [Redacted] are basically three fold;

1. To allow us to come to an understanding of the objectives of the Office of Data Processing;
2. to discuss how our resources may potentially be of use within ODP; and
3. to discuss how a full scale evaluation of our resources could be undertaken if we agree that our products and services could potentially be beneficial.

I do look forward to meeting you personally on the 17th. If we can be of any service prior to our meeting, please do not hesitate to contact me.
